Re: Bell TR918 Serial Number 91801 N5916A

Dear Sir or Madam,

On behalf of **Bell Helicopter Textron Inc.**, 600 East Hurst Blvd., Hurst, TX 76053 please issue a duplicate certificate for the above referenced aircraft. The Certificate of Registration has been lost or never received by the customer. **Additionally**, **please issue a wire of "Flying Time" and send to USAT in the Public Documents Room.**

Your urgent attention to this matter is requested as the customer is without any "Flying Authority" whatsoever.

Send the duplicate certificate to USAT in the P.D. Room, and we will forward it to the customer.

Thank You.

U.S. Aircraft Titles, Inc.

Re: Bell Helicopter, Textron, Inc, Model TR918, Serial # 91801, Registration number N5916A

Bell Helicopter is in the process of manufacturing an experimental unmanned aerial vehicle (UAV) TR918_; S/N 91801 for development and testing. A follow-on aircraft S/N 91802 is planned as well. These aircraft are being built and assembled in the Fort Worth, Texas facility and have the designation as the Eagle Eye Vertical Take Off and Landing UAV (VUAV). They will be involved in extensive flight testing for several years. It is envisioned that these aircraft will always remain as "N" number aircraft and will be utilized as test platforms to prove the concept, expand the envelope and for payload integration. We are requesting that these aircraft be registered to Bell Helicopter Ft. Worth, Texas so the FAA can issue an Experimental Airworthiness Certificate. The design for this aircraft is per the USCG Deepwater customer specification and eventually will be certified to a type design. Thank you for your assistance.
